Research collaboration declaration

This declaration concerns research activity only. It does not restrict citizenship, nationality, personal travel or personal connections.

Additional University requirements apply to research collaboration or related engagement involving individuals or entities (including universities) located in, or affiliated with, Iran, Russia, Belarus or the Democratic People's Republic of Korea ("Specified Countries"). Students must comply with these requirements throughout their candidature.

The University does **not** permit the following with Specified Countries:

- Joint publications and co-authorship
- Researcher-to-researcher collaboration, including conference organisation
- Supervision of students, or being supervised by a researcher based in, or affiliated with, an institution in a Specified Country
- Visits to or from a Specified Country
- Procurement of goods or services
- Access to facilities, data, intellectual property or materials
- Provision of technical advice or assistance (including editorial or peer review assistance)
- Educational arrangements
- Funding, gifts or donations

Please select one option:

- ☐ No — I do not have an existing research collaboration or related engagement involving a Specified Country.
- ☐ Yes — I have an existing research collaboration or related engagement involving a Specified Country. I have completed Appendix A and understand that written approval is required before that activity can continue.

I accept the offer of candidature and scholarship (if applicable) as stated in the offer letter. I have read, understood and agree to the Terms and Conditions and Important Information in the letter of offer, and any declaration completed as part of this Acceptance Form. I acknowledge and agree that I am required to comply with the University’s research collaboration requirements throughout the candidature.

APPENDIX A

Request to continue a pre-existing research activity

Complete this appendix only if you selected “Yes” in the Research collaboration declaration on the Acceptance Form.

The University may consider a request to continue an existing activity only where it is necessary to finalise a publication or research output that was substantially progressed before enrolment.

Approval does not permit new or expanded research, further data collection, new co-authored outputs, or ongoing collaboration without a defined end date.
