

Tropical Biology & Marine Conservation Semester Program Bali, Indonesia

23.03. - 17.07.2020 (Application deadline 15.02.2020)

24.08. - 18.12.2020 (Application deadline 15.06.2020)

During this semester program, you will learn and study more about the characteristics and peculiarities of the tropical flora and fauna. Several field trips throughout these 16 weeks will complete the theoretical lectures given at Udayana University. The semester will be preceded by an introduction week during which you will get to know your fellow classmates while learning more about the culture and customs in Bali.

Available Modules:

- Tropical Marine Ecology (5 ECTS)
- Microbiology and Fish Disease (5 ECTS)
- Marine Pollution (5 ECTS)
- Ichthyology (5 ECTS)
- Tropical Horticulture (5 ECTS)
- Ethnobiology (5 ECTS)
- Biodiversity Conservation & Ecotourism (mandatory) (5 ECTS)
- Bahasa Indonesia (mandatory) (5 ECTS)
- Student Project (mandatory) (5 ECTS)

Course Location:

Udayana University Bali, Indonesia
Upskill Building, Campus Jimbaran
