Step by Step: eStudent Deferral Guide

- Students can View their offer under Accept My Offer.

- When the Offer Status is "Offered" there will be a "Defer" button, if the course is available for deferral.
Deferral Details

- **This is only a deferment request** not approval. Your request will be reviewed and confirmed by Admissions in writing.
- Deferment is available **only for Undergraduate offers** made via the Universities Admissions Centre (UAC) and some fee paying Postgraduate coursework programs.
- You can only defer the same course for **ONE** year.
- Check here for more comprehensive deferment rules and list of courses that can be deferred.

Change Details Confirmation

a. "has been deferred" means deferral request has been submitted — it **does not mean it has been approved**. This is system default text that cannot be changed.

b. The deferral request will be reviewed and confirmed by Admissions in writing.
Having difficulty deferring in eStudent?

1. The course is not available for deferment.
   a. Undergraduate Students – check the section “Deferment is not available for” on the Deferment webpage.
   b. Postgraduate Students – check Deferment Availability Table on the Deferment webpage. Screenshot as below.

   ![Deferment Availability Table]

2. Student already deferred the same course once.
   a. Deferment for any course offer will only be granted once unless you are eligible to request an extension.
   b. "Deferred" means deferral request has been submitted – it does not mean it has been approved. This is system default text that cannot be changed.

   ![Deferred Offer Details]

   "Deferred" means deferral request has been submitted and does not mean it has been approved.
3. Student has accepted the offer and the **Offer Status** has been changed to "Admitted" in eStudent.
