6.2 Matter considered by circular resolution: Incubator Student Program 2020

Paper submitted by Mr Max Gale, Undergraduate Student Representative and the SRC Assistant Chairperson, and Mr Jayden Whaites, Undergraduate Student Representative from the Faculty of Science and Engineering and the SRC Treasurer.

Following the SRC meeting on 11 May 2020, Student Life and SRC Office Bearers had further discussion with the Incubator regarding the financial contribution the SRC can make towards the programs. Based on the fact that this is the first year and that the development costs drive the overall budget, the Executive Director, Student Engagement and Registrar, has approved that these be funded by the University. As a result, the SRC focused its contribution towards supporting those costs directly related to engaging and recognising students.

As a matter of urgency, the SRC members voted on the following recommendation via circular resolution: That the Student Representative Committee (SRC) partner with the Macquarie University Incubator to deliver and fund $24,500 towards supporting those costs directly related to engaging and recognising students for the Design Thinking Program (Proposal A) and the MQ Pitch Program (Proposal B).

Fourteen (14) SRC members responded and voted in favour of the recommendation. The matter was approved by quorum on 2 June 2020.

Resolution SRC 20/18:
The Student Representation Committee resolved to ratify the circular resolution to fund $24,500 towards supporting those costs directly related to engaging and recognising students for the Design Thinking Program (Proposal A) and the MQ Pitch Program (Proposal B).

Proposed by Mr Jayden Whaites and seconded by Mr Max Gale. All in favour.

Following the SRC 11 May 2020 meeting, an Expression of Interest was received from Mr Daniel Roberts. As the number of nominations received did not exceed the number of vacant positions, a ballot was not required and Mr Roberts was declared elected unopposed to this position.

Resolution SRC 20/20:
The Student Representation Committee resolved to:
1. ratify the appointment of Mr Daniel Roberts as one of the three SRC Spokespersons, for the term of office from 25 May 2020 until 13 May 2021; and
2. note the new Chairpersons of the three (3) subcommittees, as outlined.

Proposed by Mr Jayden Whaites and seconded by Mr Max Gale. All in favour.

11.2 Council of International Students Australia (CISA) Membership
Paper submitted by Ms Jane (Thi Minh Tam) Tran, Overseas Students Representative. As Ms Tran was an apology for this meeting, Mr Alex Cullen and Mr Max Gale were invited to speak on this matter.

The Committee noted that CISA is a national student association that strongly advocates for international students both at state and national level. Its main role is to effectively lobby for policy changes that impact international students. Following the consideration of its mission and performance at the time, the SRC voted to affiliate with CISA in July 2018 given that the cost of this membership is covered by Campus Engagement. Since then, there is no record of regular engagement between the SRC and CISA.

On 12 June 2020, the SRC was reminded to renew its membership by the end of June 2020. However, it was noted that CISA held a meeting to discuss removal of the CISA President based on a number of serious misconduct allegations. Ms Tran attended two CISA meetings as a representative from the Macquarie University SRC. At those meetings CISA members had raised issues about the lack of transparency and unprofessional approach in the decision-making process. It was observed that CISA did not have a representative attending a number of the Global Reputation Taskforce (GRT) meetings, possibly due to internal interpersonal issues. Although the SRC acknowledged CISA’s activities to support the international student community, the SRC members recalled that it had previously discussed concerns about CISA’s performance and level of service earlier this year.
The Director of Student Life, Ms Kylie Ebert, advised that the NSW Vice-Chancellors Committee has also established a subcommittee (chaired by the Pro Vice-Chancellor International, Ms Nicole Brigg) to address recruitment and policy issues impacting on international students. This Subcommittee has established a supporting group (chaired by Ms Ebert), to work on plans for state government approval on international students’ safe return to Australia; and that it is likely that CISA will be heavily involved with this activity.

Ms Ebert proposed that should the SRC choose to discontinue its affiliation with CISA, SRC should also consider alternative avenues to engage with nationwide international students issues, and strongly suggested that the SRC seek further consultation with a broader group of MQ international students before making the decision.

**Resolution SRC 20/21:**
The Student Representation Committee deferred this motion to the next SRC meeting, pending further consultation with a broader group of International students and feedback from the other CISA associated members.

**ACTION:**
Equity and Diversity Subcommittee, with support of the SRC Project Officer, Ms Kimberly La, to:
- conduct further consultation with a broader group of MQ international students via an online survey; and
- collect feedback from the other CISA associated members.

11.3 SRC Contribution to Session 2 2020 O-Week
Paper submitted by Ms Kimberly La, SRC Project Officer, and Mr Jayden Whaites, SRC Treasurer.

It was noted that the SRC has historically contributed to O-Week by having a stall as well as financially contributing to activations such as UBAR Parties, breakfast bars and other events/activities. Although Session 2 2020 O-Week will be conducted virtually, the activities still require financial assistance to engage students and to provide incentives. The Committee noted the breakdown budget as outlined on the paper.

**Resolution SRC 20/22:**
The Student Representation Committee resolved to contribute $9,000 to Session 2 2020 O-Week to promote engagement with new and existing students via activities run by student groups and Student Engagement.
*Proposed by Mr Jayden Whaites and seconded by Mr Alex Cullen. All in favour.*

13. **QUESTION TIME**

13.1 "Get Involved Panel" for O-Week
Session 2 O-Week will commence on 20 July 2020. The SRC members are invited to participate in one of the three sessions to answer questions and promote different societies, volunteering programs or ways for students to get involved during their time at the University. More details will be circulated to the SRC members after this meeting.

13.2 Macquarie University Open Day
The Open Day will mainly be conducted virtually, with small and targeted events on campus.

13.3 Three support officers for the SRC
Mr Gale and the Director of Student Life will begin the appointment process for three operational support officers for the SRC.

13.4 Updates from the Director of Student Life
A number of projects have been launched, including the following:
- Student care and reporting network for students who need support or want to report inappropriate behaviours or incidents that happen on campus;
- Support for students with disabilities;
- Student web project to gather students’ input and feedback on the University website. Fifty students have been recruited for this project;
- MQ Scoop where student bloggers are paid for their work on content writing and animation; and
- Job rescue program via Macquarie Student Employment to reduce long-term financial burden.

The Committee noted that more than 7,000 applications were received for the Student Success Support package scheme. As at the end of June 2020, the University has distributed almost $11 million through emergency support, vouchers, grants and loans. There has been a discussion at the University Council forum of how best to extend the Student Success Support package scheme into Session 2. The University is also
reviewing the fee deferment and extended payment plans and streamlining access to accommodation support. It is noted that a number of students are not applying for support due to personal or cultural reasons and the SRC can help in reaching out to this group of students.

Three community organisations also hand out hampers and care packages on campus. The Committee noted the additional support from Macquarie University Village and other accommodation partners towards returning students.

14. OTHER BUSINESS

14.1 Condemnation of University Fee Increases

Paper submitted by Ms Georgia Weeden, Major Student Organisation Representative, and Mr Max Gale, Undergraduate Representative.

The Committee noted key points arising from the paper included:

“The Australian Government recently announced the ‘Job-ready Graduates Package’. The changes proposed in the package aim to affect student contributions and incentivises participation in science, technology, engineering and math (STEM) courses and ‘job ready’ industries. Students beginning a new undergraduate or postgraduate course in humanities and social sciences from next year will be subject to fee increases of between 28-113%. Whilst there is an imperative to promote STEM participation, this should not be at the detriment of students wishing to undertake humanities, arts, and social science (HASS) courses, nor should students be obligated to compensate for degrees other than those they are undertaking. Whilst the HECS-HELP scheme does assist in providing access to tertiary education, Australians and international students alike will be further deterred to undertake tertiary education in areas of interest due to the ongoing financial burden of paying disproportionate fees for the education they receive.”

The Committee acknowledged the quality of education for all MQ students regardless of their courses and noted that it is unclear whether the University is putting forward alternative proposals in relation to this matter.

The SRC members had a robust discussion with a diversity of opinions expressed on this policy. The Chair reminded members of their governance responsibilities to advocate for the best interest of all current and prospective students and separate their responsibilities from their personal political views.

The SRC members discussed whether it would be more appropriate to properly consult with the MQ student community by alternative options such as student surveys and engaging with the Government in the form that the SRC has done for the NSW transport concessions proposal. Following further consultation with the student community, the SRC may resume this discussion together with a draft statement for the SRC consideration.

Resolution SRC 20/28:

The Student Representation Committee noted a proposal to support student advocacy regarding the mandated fee increases and prepare a written statement denouncing the Commonwealth Government’s ‘Job-ready Graduates Package’.

Proposed by Ms Georgia Weeden and seconded by Mr Max Gale. Six (6) votes in favour, six (6) votes against, and two (2) abstention. This motion did not pass.

ACTION:

Ms Georgia Weeden and Mr Max Gale, with support of the SRC Project Officer, to engage with the student community for further consultation.

14.2 MQ Career and Employment Service

Mr Cullen engaged with the MQ Career and Employment Service to discuss how to better engage students with the Career Services. There is an improvement on iLearn where all first year students have access to CareerWise, and related tools and resources. Mr Cullen will work with the SRC Project Officer to promote this service on the SRC social media channels.

14.3 Awareness Posts on SRC Social Media Channels

Ms Gray thanked the SRC Project Officer for her work on improving the SRC social media presence including raising awareness on several public interest issues, such as the Adam Goodes documentary. Ms Gray will propose more content related to cultural awareness and social advocacy matters for SRC consideration and consensus agreement.
15. **MEETING CLOSE**

There being no further business the meeting closed at 8:31 pm.

16. **NEXT MEETING**

The next meeting of the Student Representative Committee will be held on Monday 3 August 2020. Agenda items are due by Monday 20 July 2020.

**CONFIRMED** as a true record.
