6. UPDATE FROM SRC TREASURER

Treasurer provided information on the current grant application process which currently has overlapping jurisdiction, disorganisation of paperwork, insufficient supporting documents, limited communication with student community and lack of transparency. Currently, only a number of members have access to the SRC mailbox to view application enquiries. Consultation work took place with the SRC Project Officer, Ms Kimberly La, to develop an alternative process - online platform for application submission. The Treasurer suggested trialling the process with PG grant application via focus groups and collecting feedback from users and SRC members.

- The Department of Education issued invite to respond on testing for education students which has been referred to relevant Academic Senate and Faculty of Human Sciences (FHS) representatives to get to education students;

Ms Didhiti Girdhar and Ms Georgia Weeden joined the meeting at 6:12 pm.

10. **AGENDA ITEMS FOR DISCUSSION**

10.1 Updates on 2020 SRC Postgraduate Funds’ Plan
Paper submitted by Mr Cullen, Distance Student Representative.

The Committee noted the updates on 2020 Postgraduate funds’ plan as outlined below:

- Key priorities relate to space on campus, conference grants and community building for clubs and societies.
- Postgraduate Space on campus will not be in the scope of this project of works due to the complexity of the change required and will be progressed as a separate initiative. Consultation with Property Services showed support for the proposal but noted that most new buildings had space allocated 4-5 years ago. The most likely path forward is co-opting an existing space on campus. However further work is required to build a business case and gain executive support to help the proposal proceed ahead of a long list of other requests for space.
- Grant application requests will be improved with more clearly defined processes and requirements. This includes, but not limited to:
  - Application Windows to consider all applications together to provide fairer outcomes rather than rewarding first-in first served;
  - Capping subsidies for non-fixed costs such as flights and accommodation. Capping total subsidies per individual at a lower amount to maximise the number of grants awarded; and
  - Improving application forms to understand break points for applicants where it is not possible to award full subsidy to level of demand and budget constraints.
- Seed Grants will replace Shark Tank as an ongoing process to encourage Clubs to develop sustainable initiatives to build their Postgraduate communities.
- Further planning required to identify overarching aims/priorities to help ensure additional initiatives are fulfilling a specific goal (e.g. around capability building or community building).
- Skill development is also highlighted as an area of interest. Further work is required to determine the best approach for this without duplicating existing services or funding pools.
- Work in progress to develop communication and engagement plans to ensure more effective reach of initiatives and to maximize success.

The proposed budget will be put up at first meeting of 2020 for approval. The Director of Student Life and SRC acknowledged Mr Cullen’s engagement with other members and university stakeholders for ongoing consultation, planning and implementation of this initiative.

10.2 SRC 2020 Meeting Schedule
Paper submitted by Governance Services.

The Assistant Chair reminded that SRC members are expected to attend as many SRC meetings as possible. Apology submitted on the same day as the meeting date due to work may not be approved as members are notified of SRC meeting schedules well in advance. Members proposed the meetings commence at 6:00 pm; allowing sufficient travelling time from work.

**RESOLUTION:**

Moved by Mr Whaites and seconded by Ms May Thet Naing.
10.3 SRC Financial Support for Tayla King
Paper submitted by Ms Neenah Gray, Aboriginal & Torres Strait Islander representative.

Ms Tayla King is a Postgraduate coursework student who also works part-time with Walanga Muru. Ms King has held a high ranking national title and for the first half of this year, scored well enough to qualify for the Olympic Games. To be considered for the Olympics in 2020 she was required to hold that ranking, in conjunction with having a full time job and studying. The funding would support purchase of equipment and attendance at qualifying competition leading to Olympics.

The Treasurer confirmed the remaining 2019 SRC budget is $11,055.02. Members noted there are no other financial proposal for this meeting and the current year's budget cannot be forwarded to 2020's. Should the SRC wish to spend 2019 budget on this initiative, the grant needs to be paid out by 6 December 2019.

RESOLUTION:
The SRC unanimously resolved to commit $11,055.02 from 2019 SRC budget (effectively paying out 2019 budget) to support Ms Tayla King, an aspiring archer, in her journey for the upcoming 2020 Olympic Games in Japan, with a further motion to pay the remainder from PG grants to come to first meeting of 2020. Proposed by Mr Whaites and seconded by Mr Hablutzel.

ACTION:
Ms Gray to submit a further motion to pay the remainder from PG grants; for approval at the first meeting of 2020.

Ms Jade Quisumbing joined the meeting at 6:40 pm.

10.4 Student Consultation on Changes
Paper submitted by Mr Cullen, Distance Student Representative.

On 28 October 2019, Faculty of Human Sciences staff followed by the broader staff community at Macquarie were notified of the University’s plan to commence a process to disestablish the Faculty of Human Sciences and relocate Departments into other Faculties. The staff community were later provided a further update from the Vice-Chancellor explaining the rationale for changes and a further Town Hall event was held with staff. These communications and events are in addition to meetings and consultation occurring between the Faculty, Departments and University.

However there has been limited communication and engagement with the Student Body. On 22 November 2019, SRC representatives were invited to meet with the Vice-Chancellor to discuss the issue. Student representatives noted the lack of information currently being provided to students which has allowed for proliferation of information that is incomplete as well as misinformation. The Vice-Chancellor has expressed willingness to more closely engage the SRC and have open lines of communication and to take on board feedback around improving communication to the Student Body, both on this issue and more generally.

Members noted the information provided by the Vice-Chancellor on the FHS disestablishment and that a copy of the change paper can be accessed via SRC Assistant Secretary. Mr Hablutzel reminded members that, as an ex-officio on the SRC, he develops and maintains the connection between SRC, SEC, Academic Senate and University Council. Members are welcome to reach out to Mr Hablutzel for matters discussed by SEC, Academic Senate and University Council.

RESOLUTION:
The SRC resolved to call for further communication to the Student Body on the proposed changes and rationale. Proposed by Mr Cullen and seconded by Mr Hablutzel. All votes in favour with one (1) abstention.

ACTION:
1. Mr Cullen to engage with Governance and other stakeholders to review change and consultation processes to identify areas for improvement relating to SRC consultation; and
2. Mr Hablutzel to actively follow up with the office of the Vice-Chancellor to continue engagement on this matter after the release of the Formal Change Paper.

Ms Ebert appreciated members’ feedback on required supporting documentation for special consideration due to a loss in the family and will pass on this feedback to Student Connect and Student Advocacy for policy review and follow up on what advice is provided to students. Members noted that NSW statutory declaration form is an altereded supporting documentation for the circumstances that are of a sensitive nature. Members recommended additional day for JP on campus.

12.2 Accessibility service for students will different type of disabilities.

Ms Ebert referred to policy reviews and advised that the work is being done to review disability services with changes being introduced for Session 1 2020. This will include streamlining provision of documentation by students so it minimises the number of times students have to submit items.

13. **OTHER BUSINESS**

13.1 SRC engagement with student community

Ms Weeden suggested members get together to discuss roster, one hour per week per member, allowing students to ask questions, inquire about SRC activities, and to propose initiatives to their respective representatives. In doing so, SRC members should be equipped with consistent information they need to know as student representatives. A conversation have been had with Student Engagement about facilitating workshops for 2020 SRC strategic planning.

Ms Ebert reminded SRC to think about where they can best add value instead of taking general enquiries that can be answered by AskMQ. Members noted that Student Connect receives more than one million emails a year and whether it is a good use of SRC’s time to answer these enquiries when the information changes regularly. Ms Ebert suggested SRC increasing its visibility by participating in O-Week activities such as ‘Meet your SRC representatives’ session with new students.
