The prices are tiered based on the parking zones whereby further away zone will be cheaper. Cost for each vPermit is pro-rata. New pricing will be uploaded and vPermits will be available for purchase online from mid April 2019. Visitor rates are still available via ticket machines and online app.

The PAYG by app/online is fully self-managed. There is no need to re-register for each year or session, students will still activate and switch off their daily parking sessions. From Session 2 2019, new students who park during O-week will be able to pay student rates. There is an increase from the current rates but are reasonable compared to commercial parking rates.
