11. **AGENDA ITEMS FOR DISCUSSION**

11.1 *Mental Health First Aid (MHFA) Training for Postgraduate Students*

Paper submitted by Ms Elisabeth Vrazas, Postgraduate Representative for Faculty of Medicine and Health Science.

MHFA is an avenue to increase student awareness of these issues, provide students with the tools to access help, and also to encourage peer to peer support. It is a short course that teaches participants how to assist people who are developing a mental health problem, assist in the exacerbation of an existing problem, or how to assist in the event of a mental health crisis. Currently, MHFA training is not a course requirement for any Postgraduate course at Macquarie University.

Members discussed training students as instructors but noted that most Postgraduate students graduate within 2 years. Student Life advised that this proposal cuts across some related initiatives that are being progressed by Student Wellbeing. The University is investing on training the trainers model and has nominated 3 key staff members to be trained next week so that they are accredited to roll the training out more widely at the University.
Members considered extending the MHFA training opportunity to Undergraduate degree students and enquired whether the ex-MUPRA funds can be allocated into a pool for use over a longer period of time as part of a project of works.

RESOLUTION:
The SRC unanimously approved the funding of $31,000 for Mental Health First Aid courses for all MQ students; of which $1,000 be spent on the promotional activities towards Postgraduate students. Proposed by Mr Whaites-Fruitrich and seconded by Mr Gale. This resolution can be revisited at the next meeting, pending further investigation on ex-MUPRA funds by Student Life.

Ms White departed the meeting at 6:25 pm.
