9.4 CAMPUS HUB – COMMUNICATION TO STUDENTS
Submitted by: James Cummins, Undergraduate representative

Mr Cummins presented his proposal, flagging student concerns at a lack of information concerning the closure of Campus Hub and the construction of a new food and beverage outlet near the University Library, including the potential loss of some existing outlets. Members expressed support for the motion regarding improved communication to students but suggested it be expanded to require Property to seek student feedback regarding these changes. Concern was also expressed regarding the potential noise impact of the new outlet on students using the Library.

Ms Guerin expressed support for the proposal, and Ms Williams suggested that advice be sought from Property regarding student representation in the decision-making for this project. The Chair suggested amending Mr Cummins’ proposal to include the formation of a sub-committee to provide input and consultation on the Campus Hub project. It was agreed that, once approved by the Chair, an extract from the minutes of this meeting will be forwarded to the Director of Property seeking their urgent response. The amended resolution was approved unanimously.

RESOLUTION:
The Student Representative Committee resolved that:
(i) the University should contact the student body via. email to inform them in sufficient detail of the
current renovation plans for the Campus Hub facility, as well as providing adequate information on the university website about the plans thereof, and that the communication to students include a statement that the SRC has established an Infrastructure Sub-Committee to work with and consult with Property on the development of the Campus Hub to ensure that student interests are properly considered; and

(ii) a sub-committee be formed to provide input and consultation to the University on the Campus Hub project.

ACTION:

9.5 SRC CONSTITUTION AND ELECTIONS
Submitted by: Cissy Shen, Undergraduate representative from the Faculty of Human Sciences

Ms Shen presented her proposal for changes to the student election processes with respect to students in combined degrees across two or more faculties. Members discussed how the home faculty of such students is currently determined. While some members were in support, others raised concerns about the relative worth of a student’s vote depending on the size of their faculty. Ms Williams provided background information, highlighting the complexity of how curriculum is managed at Macquarie University and suggested more work is required on clarifying for students how the faculty electorates work and how students are allocated to each electorate. She noted the suggestion that students be allowed to select which electorate they voted in but cautioned that this could be construed as gerrymandering.

The Chair asked if this issue was about more than just the student election processes, and members agreed that it was more broadly about how students identify with a home faculty. Members also discussed the role of faculty representatives versus the general undergraduate representatives on SRC.

Members agreed to form a sub-committee to discuss student election matters, with representation from elected and appointed members. Ms Williams advised that any proposed changes to current student election processes would need approval and support from the Student Experience Committee and Council. The Chair agreed, adding that these issues might require further consideration before any recommendation is made to these groups.

The following members self-nominated to be on the Student Election Sub-Committee: Cissy Shen (coordinator), Aidan Galea, Alexander Hablutzel, Eliza Kitchener, Timothy Mathew, Suren Missaghi, Mahyar Pourzand, Caitlin Rhodes, Paul Russell, Anthony Ryan, Isuru Weerasooriya and Dee Zegara.

ACTION:
Ms Shen to arrange a meeting of the Student Election Sub-Committee to refine the proposed changes to student election processes.

9.6 CREATION OF NEW PARKING SUB-COMMITTEE
Submitted by: Cissy Shen, Undergraduate representative from the Faculty of Human Sciences

Ms Shen presented her proposal for the creation of a Parking Sub-Committee, and advised that the issue has already been discussed with some SRC members, with Ms La suggesting the SRC talk to Macquarie Centre about a possible student parking rate, and Mr Galea suggesting discussions with the local council. The Chair suggested this work could be done by the Property Sub-Committee. After some discussion Ms Shen suggested the Property Sub-Committee be named the Infrastructure Sub-Committee and have responsibility for parking issues, among other matters. Members supported this suggestion unanimously.

RESOLUTION:
The Student Representative Committee resolved to rename the Property Sub-Committee to become the Infrastructure Sub-Committee, and that the Infrastructure Sub-Committee have responsibility for issues related to parking among other matters.

10. UPDATE FROM SRC TREASURER
As the SRC Treasurer position is currently vacant, Ms Guerin provided a tabled report on expenditure in May. Mr Russell raised the issue of a grant submission from the Queer Collective for $2000 which he had been advised was approved by the previous Treasurer. He pointed out the request was made in December 2016 to help pay for costs for members to attend a conference in July. It was agreed the matter would be referred to Ms Guerin for her urgent advice. Mr Booth pointed out the costs of the hand-over and induction events are not included in the report and will need to be added to the final May expenditure report.
