1. Procedural Items

1.1. Welcome, Quorum and Apologies

The Chair welcomed attendees and noted the apologies. It was evident that there were a large number of absentees who had not communicated their apology. There were insufficient members present for a quorum to be established.

1.2. Declarations of Interest

The Chair called for any declarations of interest and no interests were declared.
1.3. Acceptance of the Previous Minutes  
The previous minutes were accepted as a true and accurate record of proceedings, with two amendments.  
Mr Jack Oakley identified that he had been present at the previous meeting, and requested that it be noted  
that it was stated in the previous meeting that both he and Mark Slaven had met with Richard Luxford and  
Angela Voerman to discuss financial implications of the invoices policy on student groups. It was identified  
that student groups needed a system in order to comply with the incoming policy. The suggestion was for  
student groups to have their own debit card.

1.4. Review of Action Points  
All action points were identified as completed.

2. Presentations  
2.1. Mr F. Rollo, Student Ombudsman  
- Mr F. Rollo presented on the role of the Student Ombudsman, and the nature of the cases with the  
tendency to be escalated to him.  
- The role of the Student Ombudsman is to seek resolution of student complaints once the available  
University appeal and dispute resolution processes have been exhausted, help people develop new ways  
to solve problems themselves, identify trends and issues in relation to student complaints, provide  
recommendations for responsibly addressing issues and concerns identified, and educate students,  
academics and administrators regarding procedures for resolution of complaints and grievances.  
- It was noted that not many SAB members were aware of the existence of the Student Ombudsman  
Service.

2.2. MUSE Research Project, Mr G. Robertson  
- Mr G. Robertson presented on the research evaluation of the MUSE space and presented two  
propositions to the Board. The first was for the space to allow for student led, student focused academic  
support groups. The second was for the SAB to support the research of the effects and efficacy of MUSE.  
- Major issues touched on through follow up questioning was students being unaware of available  
academic support avenues, and the ability for the MUSE space to consolidate these activities in the one  
area for greater transparency and accessibility to support services.  
- The SAB agreed in principle that student led activities in the MUSE space would be well received

Mr B. Bailey left the meeting at 4.30pm

3. Tabled Reports for Noting  
3.1. Final Student Code of Conduct & memo for Council  
The Board noted the tabled final Student Code of Conduct.

3.2. SAB Strategy Day  
The Board noted and endorsed the tabled draft agenda for the SAB Strategy day.

4. For Discussion and Approval  
4.1. SAB Attendance at Meetings  
The Board noted the tabled report and agreed that the powers of the Charter be exercised by the Chair and  
Board Secretariat to formally dismiss members who had vacated their office by non-attendance.

Action: Laura Steele to organise for Board members in this category to be notified that their tenure has been terminated.

4.2. Employment of SAB Reps in Campus Engagement
The Board noted the tables report, but decided further information was required for the discussion to take place. Further, in the absence of quorum the paper could not be approved. The SAB suggested that more information should be provided and more discussion should be had.

5. Standing Agenda Item: Reports from SAB Sub-Committees

5.1. MUSE Sub-Committee:
Ms M. Jameson provided the committee with an update on the activities of the MUSE Sub-Committee which included the MUSE student code of conduct, room bookings, marketing in the space via the ‘plug and play’ screens, and the MUSE website.

The working group was constituted on the basis of a directive from the Executive to limit the large number of surveys across campus.

7.2. Student Code of Conduct Comms Working Group
Ms L. Steele called for the constituting of a Student Code of Conduct Comms working group to disseminate information on the approved code of conduct to the student body.
