

Bachelor of Marine Science

Below is a suggested enrolment guide for students commencing first year in 2020.

Unit Code – Session 1
GEOS1110 The Habitable Planet
BIOL1310 Organisms to Ecosystems
FOSE1015 Statistical Concepts for Science; or STAT1170 Introductory Statistics; or STAT1371 Statistical Data Analysis
ENVS1017 The Living Environment; or CHEM1001 Foundations of Chemical and Biomolecular Sciences 1; or CHEM1002 Foundations of Chemical and Biomolecular Sciences 2
Unit Code – Session 2
GEOS1130 Blue Planet: Oceans, Climate and Life
FOSE1005 Mathematical Concepts for Science; or MATH1000 Introduction to Mathematical Modelling; or MATH1010 Mathematical Modelling IA; or MATH1015 Mathematical Modelling IA (Advanced)
BIOL1110 Genes to Organisms; or CHEM1001 Foundations of Chemical and Biomolecular Sciences 1; or CHEM1002 Foundations of Chemical and Biomolecular Sciences 2
Unit of your choice

This is not an exhaustive list and should be used as a guide only. You may have specific interests or career aspirations that will determine your choice of option sets or electives. The full list of options sets and electives can be found in the 2020 handbook <http://handbook.mq.edu.au>.

If you're taking a double degree with the listed single degree option and would like advice about which units you should take, please contact us directly.
