

***Please consider your request to transfer carefully. Students considering a course transfer must consult with a program advisor prior to applying to transfer.***

Successful course transfer applications will result in students being transferred to the **newest curriculum** (with a Grade Point average out of 7.0) as listed in the 2018 handbook. The current academic standing for a student will be applied towards the new degree upon transfer.

Note: Students admitted into a pre-2017 degree requesting to change their qualifying major to a different faculty will also be transferred into the newest curriculum.

### Transfers to double degrees

Students **must** meet transfer requirements for **any component of the double degree** that they are not currently admitted to. For example, a student admitted to a Bachelor of Commerce seeking transfer to a Bachelor of Commerce with Bachelor of Laws will only need to meet the requirement of the Bachelor of Laws. However, a student admitted to a Bachelor of Arts seeking transfer to Bachelor of Commerce with Bachelor of Laws must meet the transfer requirement for **both** Bachelor of Commerce and Bachelor of Laws.

**The following transfers do not have a GPA or minimum credit point requirement:**
