

Please consider your request to transfer carefully. Students considering a course transfer must consult with an academic advisor prior to their transfer.

Transfers to a double degree - Students must meet transfer requirements for any component of the double degree they are not currently admitted to. For example, a student admitted to a BCom seeking transfer to a BCom with BLaws will only need to meet the requirement of the BLaws. However, a student admitted to a BCom seeking transfer to BArts with BLaws must meet the transfer requirement of **both** BArts and BLaws.

Upon submission for course transfer or change of major within a different Faculty, **students will be transferred to the most current curriculum** (listed in 2017 handbook).

The following transfers do not have a GPA or minimum credit point requirement:
